TWO MINISTRIES COME TOGETHER

We've come to the place where we have combined the Womens Life and the Meal Ministry under the name *NewLife Ministries*. This merge was done for several reasons. The biggest reason was to simplify everything for everyone. Here's the information that helps to understand the merge.

- Simplifies the treasurer's work. * All benefit events now help both ministries not just one. * Every financial gift goes further by helping both ministries. * One board overseeing the fundraising and operations. * Creates a stronger partnership with our partners and the community. * Less separate, more together.

NewLife Ministries will continue, as the ministries did before the merge, to exist under the umbrella of New Life Fellowship Church. With this merge it helps the church in simplifying it's own responsibilities. This will also make it easier when the next ministry is started. We would like to introduce you to the ministries incase that you do not know much about one of them or maybe you are a new partner and would like to know more about both ministries.

Meal Ministry

The Meal Ministry was started in Jan. 2007. It is a type of soup kitchen. The Meal serves one meal daily at evening time. It is open seven days a week including all holidays. There is no cost for a meal. This ministry is used by those who are homeless and those in poverty. This ministry needs approximately 6+ volunteers daily. Last year the Meal Ministry served over 20,000 hot meals. For further details visit at www.newlifecommunitymealministry.org

Womens Life House

The Womens Life House opened in June 2013. This is still a fairly new ministry. This ministry is a womens shelter/program. It takes in women over the age of eighteen. The Life House does not accept women with child. The Life House had twenty four women in the first year. The name is getting more known by the day and is taking women in regularly. The house max capacity is ten. For futher detail visit at www.womenslifehouse.com

"We are still accepting checks written to the Meal Ministry and the Womens Life House. However, you can now send checks written to NewLife Ministries."

Another Story Headline

Place your stories in order of their importance. For example, your most important story should be at the top of the page. Less important stories, or stories that may appeal to a smaller portion of your audience should be lower down on the page.

Use paragraphs often. A wall of white text makes it hard for the reader to skim a story and find a way to quickly drop in and out of your content. White space gives the user an opening into your information. Don't be afraid to leave spaces open.

You might also designate a consistent spot on the page for lighter, or more editorial content. That way the reader always knows where to look for a certain type of content.

Most successful publications include a mix of content types to satisfy a wide range of tastes. Consider putting your most serious content on the front page, and your lighter content inside.

It's called a story for a reason

Integrate frequent headlines to announce different sections of your story. Consider writing your content in a personal tone, in the same way you might talk to someone sitting across from you at a restaurant.
