DEED AND KEYS

"Our plan is to begin renovating during Spring 2017."

We have officially received the deed and keys to the new house. It was a long process, taking over six months, but worth the wait. It is so awesome to see God at work.

For those who do not know, we purchased this house for fifty dollars. The house is located next door to our Women's Life House and we plan to turn it in to a Life House for Women with Children.

"Thanks to the Hillcrest Bapt. Church Mission team who came and completed the vinyl siding of the Women's Life House."

Our plan is to begin renovating Spring 2017 and open in the Fall. There will be more information coming in January, but for now, we celebrate this great blessing that God has entrusted us with. Please join in prayer as we make the plans for the renovations, policies, building and finances. As always, thank you all for your prayer support.

The Auction Event

This years benefit dinner and auction fundraiser was a great success. It was our best ever. We were able to raise \$8,300.00! The dinner was great and there was a good spirit throughout the night. God has truly blessed the ministries through his people. So, we say *Thank You* to all who came out and supported and participated in this years fundraiser. You made it a great success.

THRIFT STORE

We are accepting donations of books and other household items. But we are currently not accepting clothing, since we already have an abundance of clothing items at this time.
