## Two Major Prayer Requests

We are still working on the funding of the new house that will be our new Women with Children's Home. We have received a few calls and a check or two. I've been unable to do any fundraising due to the fact that I had an accident after doing a baptism recently and I ended up with a broken hip. After surgery I received an order from the doctor that I do no walking or even therapy until I see him at the end of March. I do thank all of you who have been praying for me. Please continue to do so! If the surgery ends up a bust then I will have to get a hip replacement and I don't want that. So, it is very important that I heal properly. Carla and I both appreciate your prayers. I also ask that you also continue to pray for this project, and that we receive the funding we need to get this job done.

I've enclosed some pictures of the house that we are planning to rehab. This ministry is of vital importance for the city of Huntington and for Indiana.

## Mission Teams 2017

We are soon approaching the time of the year when mission teams will begin arriving. We are blessed this year to have teams from Indiana, Kentucky, Mississippi, Alabama and Florida. We will also be taking overflow from the teams that our association have coming.

Someone asked, "Why are we having so many teams this year?" The answer is simple, "Because we have a lot of evangelism ministry to do. We have a whole house and property to rehab, a city lot to transform into raised garden beds, a kitchen to install at the Columbia City campus and much more."

We want to give an advance "THANK YOU" to all of you that are part of a mission team that is heading this way to help us. Our first team arrives late March.

## PHYSICAL AND SPIRITUAL NEEDS

The ministry of New Life Ministries is to provide help to people who are in need. The ministries meet both physical and spiritual needs. When it comes to physical needs, New Life Ministries meets several of those on a

daily basis. When it comes to spiritual needs often time the person doesn't realize they even have any spiritual needs. They don't know the Lord or have drifted far from Him. This area of ministry takes a lot more work, time, prayer and patience. It brings us great joy when we see a person come to Christ and baptized. We are pleased to be a part of Lila's life and her new walk with God.
